Subject: New Canadian STC SH08-5 for D350-766 Interiors

Bill,

As we discussed this morning, we have just received new Canadian STC SH08-5 for the D350-766 Interior Trim Kits. Whew!!!
Even got the AS 355NP on there!!!

I will deliver an FAA STC application to Greg when I pick up the original certificate later this afternoon.
I think I can feel the heat off the thermoformer from here as you start cranking out parts.

Kim,

Certificate looks good. Release on an ECN.
Generate an EASA application.
Remember that Greg only requires the EASA Form 33 and the 26-0469 by email at this point.

Peter,

Thanks for coming out of bullpen and finishing the documentation on another project.
I think Mike P. owes you a beer this time.
I will send you all of the original documents that I have collected so that you can finish the binder cleanup that you have already started.

Mike P & Daryl,

Congrats. It wasn't easy, but thanks to your commitment, I think we have some great fitting/looking parts. Well done.

David
